## Today's Objectives....

Make the day a valuable experience for you – you are the ones that will make this program a success

Offer perspective on why this project, today's training, and DoD's support of the Federal Procurement Data System – Next Generation (FPDS-NG) is so important

Provide you with useful information that will help make this transition easier and enable you to better support our common mission –

*Support The Warfighter*

# BUSINESS TRANSFORMATION

Why are we doing this?

## DEFENSE BUSINESS TRANSFORMATION

*Mission: Transform business operations to achieve improved warfighter support while enabling financial accountability across the Department of Defense.*

# The Road to Change

# What makes this program special

## **A true team effort -**

- **DoD Services and Components**
- **General Services Administration (GSA)**
- **Integrated Acquisition Environment (IAE)**
- **Vendor, Global Computer Enterprises (GCE)**

## **Dramatic changes in the way we have historically handled and viewed contract reporting -**

- **“The way you report impacts warfighter support”**
- **No more DD350s, no more paper**
- **Federal level program management and outside vendor involvement**
- **Open architecture model for data / information access**

**The critical role we ALL play in making this a success, thereby enhancing our support of the warfighter**
